

March 12, 2020

Dear CT Sports Center League participants,

As we continue to monitor the spread of the Coronavirus (COVID-19), our first priority remains the health, safety and security of our patrons and staff. The Connecticut Sports Center has been working diligently to mitigate risk by disinfecting public surfaces, including door handles, counter tops, railings, tables, chairs, gym equipment and restrooms. Volleyballs and basketballs are being disinfected prior to each use. Our recently installed state of the art HVAC system has been constantly running while the building is in use, bringing in fresh outside air, replacing the air inside the building multiple times per hour. That being said, we feel that these measures are still not enough to insure the safety and well being of our CT Sports Center family, and after much deliberation have decided to **postpone all adult leagues (volleyball, soccer, basketball, and Frisbee) through at least March 31st.**

Over the past 23 years the Connecticut Sports Center has always tried to err on the side of caution when it comes to the safety of our participants, and we will continue to do our best to be proactive instead of reactive.

Moving forward, we will continue to provide updates as new information emerges on COVID-19 and its impact on the Connecticut Sports Center. **All league games WILL be made up.**

I thank you for your patience and understanding as we navigate these unprecedented times, particularly as the situation continues to evolve.

Sincerely,

Tyson Krause, Founder and President
Connecticut Sports Center
